

YOUR PRINT SERVICES PARTNER

Desktop printers – personal printers – scanners and faxes. They can be cumbersome and expensive to operate. Often overlooked, these ancillary printing devices can be an unexpected strain on company profits. When partnering with POA customers realize a cost savings up to 30% of their overall print spend.

DID YOU KNOW?

- The average office has an employee to printer ration of 4:1
- Nearly 50% of IT Help Desk calls are printer-related
- Roughly 80% of toner/ink cartridges end up in landfills
- 90% of companies have no idea how much they are spending on printing supplies

Our tailored solution supports the unique printing needs of any company. POA manages, maintains, and repairs your existing equipment, regardless of the brand or manufacturer.

As a member of our Managed Print Services program, we ship toner, service your equipment until end of life, and provide planning and budgeting to ensure you are only paying for the prints that you make. **No more waste.**
